On picking this squad, head coach, Jon Feeley had these words to say:-

We are really looking forward to this years championship with this talented squad of players. Having seen what they are capable of throughout the season, the coaching team are excited about working with them. The greatest steps forward in the previous two years has been how the group has developed a strong team culture focused on positive rugby and taking opportunities. As a result we have started to produce performances which are fantastic to play and watch.

The squad will meet for the first time this Sunday, at Wetherby RUFC, which will be our base throughout the campaign. We are very grateful to Wetherby for the use of their facilities.
